Résister jusqu'à la fin

Nous sommes déjà rendus au film pivotant de cette troisième trilogie de la Guerre des Étoiles. Cette suite du Réveil de la Force nous fera voyager sur de nouvelles planètes, rencontrer de nouveaux personnages et continuera de nous transporter dans une galaxie très très lointaine.

Qui sont les derniers Jedi? Qui est Snoke? Découvrons-nous enfin qui sont les parents de Rey? Ce ne sont là que certaines des questions auxquelles nous espérons obtenir une réponse ce soir.

Pour vous présenter *Les Derniers Jedi*, qui promet de vous en faire voir de toutes les couleurs, nous avons encore une fois cette année invité Jason Rockman, l'hôte de *Amped with the Rockman* sur les ondes de CHOM 97.7 et l'animateur et co-créateur de la série télé *Geek Me!*

Resist until the end

We've already reached the pin point movie of this third Star Wars Trilogy. This sequel to The Force Awakens will take us to new worlds, make us meet new characters and continue to transport us to a galaxy far far away.

Who is the last Jedi? Who is Snoke? Will we finally learn who Rey parents are? These are but a few of the questions to which we hope to get an answer tonight.

To provide the best screening experience of The Last Jedi, which promises to be a roller coaster of emotions, we invited once again Jason Rockman host of Amped with the Rockman on CHOM 97.7 as well as the host of Geek Me!

Notre raison d'être

Chaque année, des milliers d'enfants comptent parmi les victimes de maladies graves telles que le cancer. Lors de leur séjour à l'hôpital ces enfants et leurs familles sont bien entourés de personnel médical, mais l'ampleur de certains traitements et la longueur de certains séjours pèsent leur poids sur le moral des enfants ainsi que de leurs familles. Le service des bénévoles du CHU Sainte-Justine (pour qui nous amassons des fonds ce soir) a pour but d'aider les familles et les enfants malades à passer à travers ces dures épreuves en s'assurant qu'ils ne perdent pas le moral. Les dons amassés ce soir serviront à apporter des sourires sur les visages des enfants malades ainsi que leurs familles.

Every year thousands of children fall victim to insidious sicknesses as such as cancer. During their stay in the hospital, the children and their families are fully supported by the medical staff, however the strain and length of certain treatment can bear a toll on their morale. The volunteer services of CHU Sainte-Justine, for whom we are raising funds this year, is there to support sick children and their families to get through the rough waters without losing hope. The funds we raise tonight will be used to bring smiles back to sick children and their families.

In Memory of Carrie Fisher

2016 ne fut pas la meilleure année de tous les temps, encore moins pour les célébrités. C'est alors que plusieurs d'entre nous attendaient avec impatience la fin de 2016. Nous avons entendu la terrible nouvelle, celle où non seulement Kenny Baker (R2-D2) disparaît pour ne faire qu'un avec la Force, mais c'est aussi le cas de Carrie Fisher, notre très chère princesse Leia.

Plusieurs heures s'écoulèrent et nous avons reçu la confirmation qu'elle s'était noyée au clair de lune en s'étranglant avec sa brassière. Quoi? Attendez un peu, tout le monde sait bien qu'il n'y a pas de sous-vêtement dans l'espace! Notre princesse intergalactique favorite aura laissé sa marque dans nos vies, que ce soit par sa charmante, mais très explicite personnalité ou par ses points de vue politique et la manière dont elle a toujours fait face à tous, telle la rebelle qu'elle a toujours été.

2016 was not the best year of all time, less so if you were a celebrity, one might say. As we watched the year come to an end, we heard the news that not only Kenny Baker (R2-D2) would become one with the Force, but Carrie Fisher as well, our very own Princess Leia.

Hours passed and then, it was finally confirmed that she had drowned in moonlight, strangled by her own bra. Wait, what? There's no underwear in space — we all know that, right? Our very own intergalactic princess has left her own mark on all our lives, be it by her charming and very explicit personality or by her political stands and how she always stood up, like the rebel she always was.

Rian Johnson

**Merci à
Thanks to**

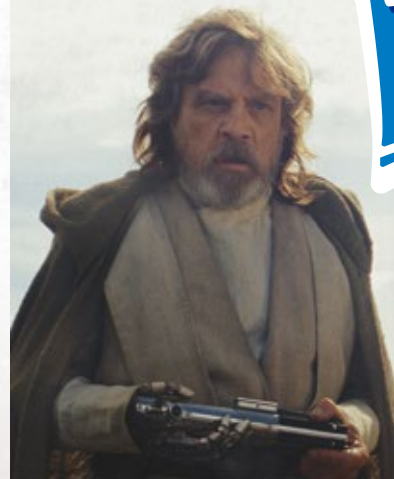

Rian Johnson took his directing skills to 125 sets in 110 days, from Skellig Michael to the Presidio and Leavesden, The Last Jedi journey is the one that will be remembered. He is known for his particular storytelling (Brick, The Brother's Bloom) and his incredible eye behind the camera (Looper). He set out on an amazing adventure with the Last Jedi that promises to be visually unforgettable, mind blowing and memorable to all the fans of this galaxy far far away.

A NEW ERA

A few weeks ago it was announced by Bob Iger, CEO of Disney, that Rian Johnson had been signed on to realize the next Star Wars film trilogy.

Apart from working with Ram Bergman, we have no details to share about what this trilogy will be about, we only know that it will take place a long time ago, in a galaxy far far away.

Planet Ahch-To

Following hardships attempting to resurrect the Jedi Order, Luke embarked on a journey to find the first Jedi temple and the answers he was looking for. His journey led him to Ahch-To, a planet covered mostly with vast oceans where he would exile himself for years. Not all alone, however, as he found company in the Porgs, a local species of birds that dwelled on the cliffs of his Island. Ahch-To will also be the training grounds for Rey as she begins her Journey into the Force.

Planet Crait

AT-M6

This is where the AT-M6, a new type of all-terrain transportation system for the First Order, will meet head-on with a new type of Resistance Ski Speeder designed to fly across the surface of this crystalline planet.

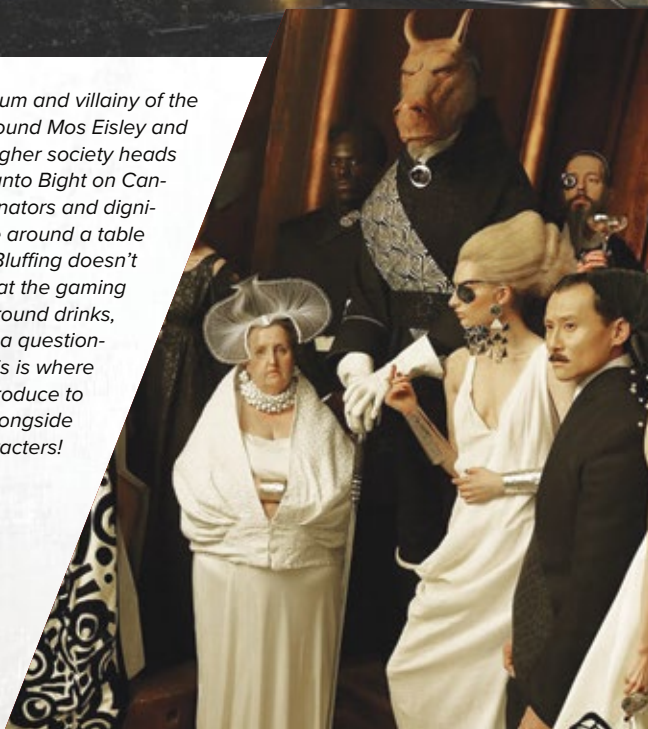

One of the new destinations of The Last Jedi will be Crait, a planet populated by Vulpex, a species that transformed over time to see their fur turn to crystals. Crait will be one of the decisive planet where the war between the Resistance and the First Order will culminate.

Planet Cantonica

While the scum and villainy of the galaxy hangs around Mos Eisley and Takodana, the higher society heads for the city of Canto Bight on Cantonica where senators and dignitaries assemble around a table of Sabacc. Bluffing doesn't only happen at the gaming table, but also around drinks, cutting deals of a questionable nature. This is where we may be introduced to Amilyn Holdo alongside a few other Characters!
